## **DEPARTMENT OF JUSTICE**

### **Bureau of Alcohol, Tobacco, Firearms, and Explosives**

**[Docket No. 2018R-03]**

#### **Commerce in Explosives; 2018 Annual List of Explosive Materials**

**AGENCY:** Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); Department of Justice.

**ACTION:** Notice of List of Explosive Materials.

**SUMMARY:** Pursuant to United States Code and the Code of Federal Regulations, the Department must publish and revise at least annually in the **Federal Register** a list of explosives determined to be within the coverage of pertinent United States Code. The list covers not only explosives, but also blasting agents and detonators, all of which are defined as “explosive materials” in pertinent United States Code. The 2017 Annual List of Explosives inadvertently omitted a letter in one of the explosive materials. This notice does not make any substantive changes to the 2017 annual list; however, it corrects the list and publishes the 2018 Annual List of Explosive Materials.

**DATES:** The list becomes effective [INSERT DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].

**FOR FURTHER INFORMATION CONTACT:** Krissy Carlson, Chief; Firearms and Explosives Industry Division; Bureau of Alcohol, Tobacco, Firearms, and Explosives;

United States Department of Justice; 99 New York Avenue, N.E., Washington, D.C.  
20226; (202) 648-7120.

#### **SUPPLEMENTARY INFORMATION:**

Pursuant to 18 U.S.C. 841(d) and 27 CFR 555.23, the Department must publish and revise at least annually in the **Federal Register** a list of explosives determined to be within the coverage of 18 U.S.C. 841 *et seq.* The list covers not only explosives, but also blasting agents and detonators, all of which are defined as “explosive materials” in 18 U.S.C. 841(c).

Each material listed, as well as all mixtures containing any of these materials, constitute “explosive materials” under 18 U.S.C. 841(c). Materials constituting blasting agents are marked by an asterisk. While the list is comprehensive, it is not all-inclusive. The fact that an explosive material is not on the list does not mean that it is not within the coverage of the law if it otherwise meets the statutory definition in 18 U.S.C. 841. Explosive materials are listed alphabetically and, where applicable, followed by their common names, chemical names, and/or synonyms in brackets.

On December 28, 2017, the Department published in the Federal Register the 2017 Annual List of Explosive Materials (Docket No. 2017RR-19, 82 FR 61589). The Federal Register inadvertently omitted the letter “A” from “ANFO” which is the acronym for ammonium nitrate-fuel oil. This notice does not make any substantive changes to the 2017 annual list; however, it corrects this error and supersedes the List of Explosive Materials dated December 28, 2017.
